#### PETITION FOR SPECIAL RELIEF

Comcast Cable Communications, LLC, on behalf of its subsidiaries and affiliates ("Comcast"), pursuant to Sections 76.7 and 76.907 of the Commission's rules, requests that the Commission find that Comcast faces "effective competition" in 10 Illinois franchise areas (the "Franchise Areas").

The Communications Act of 1934, as amended (the "Act"), and the Commission's rules provide that cable television rates may be regulated only in the absence of effective competition.<sup>3</sup> Cable operators are entitled to demonstrate that effective competition exists on a franchise-by-franchise basis.<sup>4</sup> When a cable operator demonstrates that effective competition exists within a franchise area, cable rates in the affected area are no longer subject to regulation.<sup>5</sup>

<sup>&</sup>lt;sup>1</sup> 47 C.F.R. §§ 76.7 and 76.907.

<sup>&</sup>lt;sup>2</sup> See Exhibit 1.

<sup>&</sup>lt;sup>3</sup> 47 U.S.C. § 543(a)(2); 47 C.F.R. § 76.905(a).

<sup>&</sup>lt;sup>4</sup> 47 C.F.R. § 76.907.

<sup>&</sup>lt;sup>5</sup> See Implementation of Sections of the Cable Television Consumer Protection and Competition Act of 1992, Rate Regulation, 8 FCC Red. 5631, 5664-5665 (1993) ("Rate Order").

Under the "competing provider" test set forth in Section 623(1)(1)(B) of the Act and Section 76.905(b)(2) of the Commission's rules (the "Competing Provider Test"), a cable system will be deemed subject to effective competition if:

- (i) the franchise area is served by at least two unaffiliated multichannel video programming distributors ("MVPDs"), each of which offers comparable programming to at least 50 percent of the households in the franchise area; and
- (ii) the number of households subscribing to multichannel video programming other than the largest MVPD exceeds 15 percent of the households in the franchise area.<sup>6</sup>

As demonstrated below, the Competing Provider Test is satisfied in each of the Franchise Areas – Belvidere, Byron, Loves Park, Machesney Park, Mount Morris, Oregon, Polo, Poplar Grove, Rockford, and Stillman Valley -- because two unaffiliated MVPDs serve over 50 percent of the Franchise Areas' households with comparable programming and the reported penetration rate for DBS providers exceeds the 15 percent threshold in the Franchise Areas.

## I. THE COMPETING PROVIDER TEST IS SATISFIED IN EACH OF THE FRANCHISE AREAS

The two prongs of the Competing Provider Test are straightforward and objective. Both prongs of this test clearly are satisfied in each of the Franchise Areas.

A. More Than Two Unaffiliated MVPDs Offer Programming Comparable to Comcast to Over 50 Percent of the Households in Each of the Franchise Areas.

The first prong of the Competing Provider Test requires that a franchise area must be served by "at least two unaffiliated multichannel video programming distributors..." This requirement is easily satisfied, because the two major direct broadcast satellite providers

<sup>&</sup>lt;sup>6</sup> 47 U.S.C. § 543(1)(1)(B)(i) and (ii); 47 C.F.R. § 76.905(b)(2)(i) and (ii).

<sup>&</sup>lt;sup>7</sup> 47 U.S.C. § 543(1)(1)(B)(i); 47 C.F.R. § 76.905(b)(2)(i). Section 602 of the Communications Act of 1934, as amended, defines "multichannel video programming distributors" to include cable operators, as well as DBS and MMDS providers. *See* 47 U.S.C. § 522(13).

(DirecTV, Inc. and Dish Network, Corp.) ("DBS Providers") are unaffiliated with Comcast and "offer" programming that is comparable to Comcast to more than 50 percent of the households in Comcast's Franchise Areas.

Service of an MVPD will be deemed "offered" when it is both technically and actually available. The Commission has determined that DBS service is presumed to be "technically available" throughout the country due to its nationwide satellite footprint. Comcast's Franchise Areas are well within the satellite footprint of DirecTV and Dish Network. Thus, both DirecTV and Dish Network are "technically available" in the Franchise Areas.

DBS service is presumed to be "actually available" if households in a franchise area are made "reasonably aware" that the service is available. The Commission has stated that "a party may use evidence of penetration rates in the franchise area (the second prong of the competing provider test …) coupled with the ubiquity of DBS services to show that consumers are

<sup>&</sup>lt;sup>8</sup> Rate Order at ¶ 29.

 $<sup>^9</sup>$  See MediaOne of Georgia, Inc; Petition for Revocation of the Certification of Gwinnett County, Georgia, 12 FCC Rcd. 19406,  $\P$  5 n.16 (1997) (citing Rate Order, at 5660-5661).

 $<sup>^{10}</sup>$  See Rate Order at ¶ 32 (citations omitted). See also Charter Communications, LLC d/b/a Charter Communications Petition for Determination of Effective Competition in Fourteen North Carolina Communities, et al, 19 FCC Rcd. 7003, ¶ 4 (2004).

reasonably aware of the availability of DBS service."<sup>11</sup> The same reasoning applies here.

DirecTV and Dish Network are among the largest MVPDs in the nation.<sup>12</sup> With approximately 33.6 million subscribers nationwide, <sup>13</sup> comprising over 33.6 percent of all MVPD subscribers, <sup>14</sup> ubiquitous advertising, and the substantial DBS penetration figures in the Franchise Areas, it is clear that consumers in the Franchise Areas are "reasonably" aware of the availability of DBS competitors. <sup>15</sup> Accordingly, both DirecTV and Dish Network are presumed to be "actually available" in the Franchise Areas, and are offered to over 50 percent of the households in the Franchise Areas.

<sup>11</sup> Comcast Cable Communications, LLC Petition for Determination of Effective Competition in Various Michigan Communities, 23 FCC Rcd. 9595, ¶ 5 (2008), citing Mediacom Illinois LLC et al., Eleven Petitions for Determination of Effective Competition in Twenty-Two Local Franchise Areas in Illinois and Michigan, 21 FCC Rcd. 1175 (2006) ("Comcast – Various Michigan Communities"). Thus, the Commission has not required the production of advertising to demonstrate that households in the franchise area are "reasonably aware" of the availability of DBS service. See Bright House Networks, LLC Petition for Determination of Effective Competition (Lake Alfred and Dundee FL), 22 FCC Rcd. 4390, ¶ 6 (2007) ("Over more than ten years, we have made hundreds of findings that households in particular franchise areas are reasonably aware that they may purchase DBS services based on localized evidence. These accumulated showings amount to substantial evidence that households in all franchise areas are reasonably aware that they may purchase DBS services. In at least one earlier reported decision, we found households in a franchise area to be reasonably aware that they may purchase DBS service solely based on evidence of DBS's nationwide growth and local subscriptions, without reference to advertising or other promotion.") ("Bright House Networks – Florida").

 $<sup>^{12}</sup>$  See Thirteenth Annual Assessment of the Status of Competition in the Market for the Delivery of Video Programming, MB Docket No. 06-189, FCC 07-206,  $\P$  76 (rel. Jan. 16, 2009).

<sup>13</sup> See Press Release, DirecTV, DirecTV Announces First Quarter 2011 Results (May 5, 2011) (reporting that, as of Mar. 31, 2011, DirecTV had 19.4 million subscribers), available at <a href="http://investor.directv.com/releasedetail.cfm?ReleaseID=574719">http://investor.directv.com/releasedetail.cfm?ReleaseID=574719</a>; Press Release, DISH Network, DISH Network Reports First Quarter 2011 Financial Results (May 2, 2011) (reporting that, as of Mar. 31, 2011, Dish Network had approximately 14.2 million subscribers), available at <a href="http://dish.client.shareholder.com/releasedetail.cfm?ReleaseID=573404">http://dish.client.shareholder.com/releasedetail.cfm?ReleaseID=573404</a>.

<sup>&</sup>lt;sup>14</sup> Press Release, SNL Kagan's U.S. Multichannel Subscribers 4th Quarter 2010 Results, SNL Kagan, March 15, 2011, available at <a href="http://www.snl.com/InTheMedia.aspx">http://www.snl.com/InTheMedia.aspx</a> (reporting approximately 100.1 million video subscribers in the U.S.).

 $<sup>^{15}</sup>$  See, e.g., Comcast – Various Michigan Communities,  $\P$  5; Bright House Networks – Florida,  $\P$  6.

The Competing Provider Test also requires that the programming offered by the cable operator. 

The Commission's rules define comparable programming as "at least 12 channels of video programming, including at least one channel of nonbroadcast service programming." 

The Commission has repeatedly recognized that the DBS Providers offer comparable programming under the Commission's Competing Provider Test. 

Each of the DBS Providers offer well over 100 video channels, most of which are non-broadcast services. 

And, as shown in the attached channel line-ups, Comcast's programming service offerings in the Franchise Areas are substantially similar to the DBS Providers' programming services.

Based on the above facts, Comcast has satisfied the first prong of the Competing Provider Test.

## B. The Competing Providers Serve Greater Than 15 Percent of the Households In Comcast's Franchise Areas.

The second prong of the Competing Provider Test requires that the subscriber base of competing MVPDs, other than the largest MVPD, exceeds 15 percent of franchise area households.

DBS Providers track their subscribers according to the zip codes where each subscriber resides, rather than by political jurisdiction. In this case, Comcast relied on ZIP+4 codes

<sup>&</sup>lt;sup>16</sup> See 47 U.S.C. § 543(1)(1)(B)(i); 47 C.F.R. § 76.905(b)(2)(i).

<sup>&</sup>lt;sup>17</sup> 47 C.F.R. § 76.905(g).

<sup>&</sup>lt;sup>18</sup> See, e.g., Comcast Cablevision of Maryland, Inc., Petitions for Determination of Effective Competition (Charles County, MD), 19 FCC Rcd. 7130, ¶ 4 (2004) ("We find that the programming of DBS providers satisfies the Commission's program comparability criterion because DBS providers offer more than 12 channels of video programming, including more than one non-broadcast channel.").

<sup>&</sup>lt;sup>19</sup> See Channel Line-ups of DirecTV and Dish Network, attached hereto as Exhibit 2.

<sup>&</sup>lt;sup>20</sup> See Comcast Channel Line-ups, attached hereto as Exhibit 3.

associated with each Franchise Area in order to determine the number of DBS subscribers within the Franchise Area. The Commission has previously accepted ZIP+4 codes as "reasonable and sufficiently reliable for purposes of determining the presence of effective competition,"<sup>21</sup> and stated its preference for this approach.<sup>22</sup>

To determine the relevant ZIP+4 codes for the Franchise Areas, Comcast contacted Media Business Corp. ("MBC," previously known as "SkyTrends"). MBC has developed a process to accurately identify the ZIP+4 codes that correspond with the political boundaries of a particular community. This process utilizes enhanced mapping software that correlates ZIP+4 codes with the U.S. Census Department's "block group" level households. The "block group" measurement is the most precise Census tool available to measure households within a very small geographical area. With this software, MBC was able to identify the ZIP+4 codes that lie within the Franchise Areas.<sup>23</sup>

Comcast next provided all of the ZIP+4 codes for the Franchise Areas to the Satellite Broadcasting and Communication Association ("SBCA"). SBCA is the national trade association representing the two major DBS Providers, and it has assumed the responsibility for compiling subscribership data and responding to data requests from cable operators and franchising authorities engaged in effective competition proceedings. The DBS subscriber numbers reported in the attached Effective Competition Tracking Reports ("ECTR") from SBCA

<sup>&</sup>lt;sup>21</sup> See Cable One, Inc. Petition for Determination of Effective Competition in Pocatello, Idaho, 18 FCC Rcd. 12792, ¶ 8 (2003), quoting Falcon Cable Systems II, a California Limited Partnership, d/b/a Charter Communications Petition for Determination of Effective Competition in Twelve Oregon Cities, 17 FCC Rcd. 4648 (2002).

<sup>&</sup>lt;sup>22</sup> See Public Notice, "Commission Announces New Standards for Showings of Effective Competition For Cable Service," 23 FCC Rcd. 12067 (2008).

<sup>&</sup>lt;sup>23</sup> See Letter from MBC (explaining ZIP+4 methodology), attached hereto as Exhibit 4.

reflect the total DBS subscribers within the individual ZIP+4 codes associated with the Franchise Areas.<sup>24</sup>

Finally, Comcast compared the DBS subscribership figures reported by SBCA on a ZIP+4 basis with its own subscribership, and was able to confirm that its own subscribership exceeded DBS subscribership in 9 of the 10 communities that qualify for effective competition under the Competing Provider Test – Belvidere, Byron, Loves Park, Machesney Park, Mount Morris, Oregon, Polo, Rockford, and Stillman Valley. Comcast is the largest MVPD in these Franchise Areas.

In the Poplar Grove Franchise Area, Comcast serves in excess of 15 percent of the households, while DBS Providers serve in excess of 51 percent.<sup>25</sup> The Commission has recognized that where "the subscribership penetration for both [the cable operator] and the aggregate DBS information each exceed 15 percent in the franchise area, the second prong of the competing provider test is satisfied."<sup>26</sup> Thus, it is immaterial in this Franchise Area which MVPD is the largest, because both DBS (as shown below) and cable readily pass the 15% threshold.

To determine whether DBS subscribership exceeds the statutorily mandated 15 percent threshold in the Franchise Areas, Comcast compared the competing providers' subscribership to

<sup>&</sup>lt;sup>24</sup> See Exhibit 5 (providing total ZIP+4-based DBS subscribership for the Franchise Areas, as well as all ZIP+4 data relied on in the Petition).

<sup>&</sup>lt;sup>25</sup> See Declaration of Warren Fitting.

 $<sup>^{26}</sup>$  See Charter Communications – Seven Local Franchise Areas In Missouri, 21 FCC Rcd. 1208,  $\P$  5 (2006).

the most recent U.S. Census occupied household unit figures for the communities.<sup>27</sup> This comparison yields the penetration rate for DBS Providers in the Franchise Areas.

As detailed in Exhibit 7, the subscriber rate for the DBS Providers in the Franchise Areas exceeds the 15 percent threshold required under Section 623(1)(1)(B) of the Act. Accordingly, Comcast meets the second prong of the Competing Provider Test.

Because Comcast meets both prongs of the Competing Provider Test in the Belvidere,
Byron, Loves Park, Machesney Park, Mount Morris, Oregon, Polo, Poplar Grove, Rockford, and
Stillman Valley Franchise Areas, it faces effective competition in these Franchise Areas.

#### CONCLUSION

Comcast's cable system is subject to effective competition in each of the Franchise Areas under the Competing Provider Test. Based on the evidence presented herein, Comcast respectfully requests that the Media Bureau issue an order acknowledging the presence of effective competition in each of the 10 Illinois Franchise Areas as of the filing date of this Petition.

Respectfully submitted,

Comcast Cable Communications, LLC on behalf of its subsidiaries and affiliates

#### DECLARATION OF WARREN FITTING

- I, Warren Fitting, declare, under penalty of perjury that:
- 1. I am the Senior Director of Regulatory Accounting for Comcast Cable Communications, LLC ("Comcast").
- 2. I have read the foregoing Petition for Special Relief ("Petition") and am familiar with the contents thereof and the matters referred to therein.
- 3. I have reviewed Comcast's respective cable subscriber numbers for the Franchise Areas at issue in this Petition, as well as the DBS subscriber numbers provided by SBCA for the individual Franchise Areas as described in the Petition. Of the Franchise Areas subject to the Competing Provider Test, Comcast is the largest multichannel video program provider in the Belvidere, Byron, Loves Park, Machesney Park, Mount Morris, Oregon, Polo, Rockford, and Stillman Valley Franchise Areas. In the Poplar Grove Franchise Area, the aggregate penetration rate for the competing providers, as well as the penetration rate for Comcast, exceeds 15 percent.
- 4. The facts contained within the Petition are true and correct to the best of my knowledge, information and belief.

March 5, 2012

Warren Fitting

### **EXHIBIT 4**

Jan 12, 2012

Davis Wright Tremaine LLP 1919 Pennsylvania Avenue, N.W. Suite 800 Washington, DC 20006

To Whom It May Concern:

Media Business Corporation ("MediaBiz") utilizes a multi-step process to accurately identify cable client franchise areas and associated ZIP and ZIP+4 Codes. (A ZIP+4 Code includes the five digits of the United States Postal Service ZIP Code, a hyphen, and four more digits that determine a more precise location than the ZIP Code.)

MediaBiz developed this methodology to address the potential shortcomings in utilizing 5-digit ZiP Code data for "Effective Competition" petitions. This basic methodology has been in place for several years and has been used successfully in many Effective Competition cases at the FCC.

Because ZIP Codes and municipal boundaries are created and managed by different government authorities, the boundaries of ZIP Codes and municipal boundaries often overlap. ZIP Codes frequently span between and beyond municipal boundaries. ZIP+4 Codes, however, usually reside in one and only one municipality. MediaBiz uses Place, Minor Civil Division (MCD), and County boundaries from Dynamap®, a division of Pitney Bowes Business Insight, to determine municipal boundaries. MediaBiz uses the Dynamap® ZIP+4 Centroids database, which contains ZIP+4 centroid correspondence for virtually all deliverable ZIP+4s, to Identify ZIP+4 Codes within municipal boundaries, among the over 60 million ZIP+4s in all 50 states, DC, and Puerto Rico, based on current data from the USPS and the U.S. Bureau of the Census, and the Tele Atlas master street database.

MediaBiz then utilizes its ZIP+4 Code mapping to enable our clients to obtain proper "Direct-to-Home" (DTH) subscriber counts for their respective franchise areas by tracking DTH subscribers at the ZIP+4 Code level. (Where MediaBiz determines that a ZIP Code falls entirely within a franchise area, however, it is unnecessary to identify DTH subscribers at the ZIP+4 Code level for that 5-digit ZIP Code. In these instances, MediaBiz identifies such 5-digit ZIP Codes and, accordingly, DTH subscribers are identified by the 5-digit ZIP Code only.

Only ZIP+4 Codes that meet specific criteria are included in this report. The following criteria must be met:

- The centroid of the ZIP+4 Code is within the franchise area; and
- The USPS ZIP+4 Record Type (from Dynamap® ZIP+4 Centroids) is either H high-rise or S -- street

Our methodology has been used by many multiple system operators (MSOs) as part of their Effective Competition relief efforts, and we believe this methodology produces the most accurate and detailed view of ZIP+4 data as it relates to cable franchise areas.

MediaBiz

### **EXHIBIT 5**
